Description:

This lovely three bedroom Victorian mid-terraced home, is laid out over two floors and has beautiful original wood flooring throughout and has just been repainted in fresh neutral tones. The house is lovely and sunny and has a large through reception room on the ground floor, which has French windows out to the pretty south facing patio garden with mature shrubs. The modern kitchen is well equipped with a dishwasher and large fridge freezer. It also has the ever popular five ring gas range. As well as the pretty family bathroom with roll top bath and shower there is a cloakroom that can be found on the ground floor. The three bedrooms are a good size being two doubles and generous single. All the rooms have the original sash windows which have been stripped back to the wood as have the doors in this house. The house also benefits from a large loft for storage which has a pull down ladder, floor and light. There is plenty of residential parking outside the house. This lovely home has been in the owner possession for some time and now is an investment property and so it available for long term lets.

Strand on the Green is known for its lovely river views, river walks, pubs and restaurants, as well as one of the best primary schools in the area. It is close to both Kew Bridge and Chiswick mainline stations and motorists will like the easy access to the A4/M4 for access to both central London and out to the M25.

-  Council Tax Band F
-  London Borough of Hounslow
